

# ANGLESEA SURF LIFESAVING CLUB

68TH ANNUAL REPORT & FINANCIAL STATEMENTS 2018/19

## John Graham Worrell OAM 2/4/1928-8/5/2019

John gained an interest in Lifesaving when he joined Brighton LSC in 1944 and soon became active gaining many Royal Life Saving Awards. John and a few RLSSV members gained their SLSA Bronze Medallion (BM) at Torquay (25/1/1947 no 23686) but did not join Torquay SLSC as members.

In 1947 he gained his RLSS Bronze Medallion Instructors Award and later was made Club Chief Instructor until 1951. During this time, he was also the Social Organiser, Club Captain, Club Reel & Line Champion, Belt Champion, Club Champion, 75yds breast stroke Champion and was made a Life Member in 1951. John was an instructor and team member of many Royal Life Saving Interstate Victorian Teams during this time.

John and several Brighton LSC members attended the first meeting to form the Anglesea SLSC in January 1952. They all wore their bottle green blazers, with the white Brighton emblem on the top pocket. They were advised that if they joined Anglesea the club would apply for Bottle Green and White as the Club colours, so there would be no need to buy a new blazer. Fortunately, they all joined.

On joining Anglesea John was intent on seeing the Club progress. He was active on committee for several years. The Club had some good swimmers and in 1957 John invited a few members to his tent in the camping ground and outlined his plans for the future of the Club and which included a championship R&R team. His coaching ambitions were soon rewarded, and his team won the State R&R championship in 1960 and succeeded with further championship wins in years to follow. His leadership during this time was inspirational and he positively affected the lives and characters of many. He taught discipline and respect. His teams went on to produce 6 Club Captains and 2 Presidents.

John's enthusiasm for the Club to succeed continued and in the 1970's he assembled some of his old R&R team members and others to form a March Past team. In those days the March Past was an important event that had never been taken seriously by the Club. John's success was immediate and the team was undefeated in the State for 5 years

John's status as a coach and leader was widely recognized by members of SLSA National Council. In 1971 John was one of a group of elite instructors and coaches to be selected in the first Australian Educational & Instructional Team to tour Asia, visiting Hong Kong, Japan and Taiwan. The team members instructed many locals in all facets of lifesaving, as drownings were common on the many beaches along their coastlines.

As a result of the visit a large number of new lifesaving clubs were established. In 2004 a return visit was made to Taiwan to see the progress made since 1971, with over 60,000 candidates having passed their SLSA BM. All members of the Police Force, Fire Brigade and Army Special Forces must obtain their BM, clearly a big impact was made by the initial team visit, which John was very pleased to see.

John was a Foundation Member of the Anglesea Golf Club from 1954 and decided in 1964 to commence running an ASLSC Golf Day using the local Club facilities. This Annual event was usually held during the winter months to raise much needed funds and provide an opportunity for Club members to get together in the off season. This event still is being run today and has delivered significant funds for the Club.

John's commendations were many. He was Captain of the Club for four years and President for three. He was Best Clubman in 1959 and again in 1963. He was made a Life Member in 1964. He was a recipient of the Australian Sports Medal-2000, SLSA 60 Year Service Award in 2012, was an inductee into the ASLSC Competition Hall of Fame as a member and as well as the first inductee as a Legend in 2012.

Apart from his involvement with his own Club, John was a member of SLSV Board of Examiners and was Deputy Superintendent for 7 years. He was made a Life Member of the Victorian State Centre (now Life Saving Victoria) and a Life Member of the National Association (now Surf Life Saving Australia). In 2017 John received the ultimate honour – Order of Australia Medal for services to Life Saving.

John left a legacy that will be remembered for many years to come.

# PRESIDENT'S REPORT

Welcome to the Anglesea Surf Life Saving Club's 2018-19 Annual Report. It has been another big year for the Club with continued success on many fronts. Thank you to all members, social pass holders, sponsors and supporters for your contribution.

Last August, the Club played host to the Annual Golf Day Fundraiser at the Anglesea Golf Club. Thank you to Mark Gowans, Shane Edmonds and all the helpers for organising another successful event. Thank you also to the Anglesea Golf Club for your continued support of this day.

The peak season commenced with the traditional Bronze camp being delivered in a new format. The camp came back to being based at the Club for the first time in a number of years with a more manageable number of just over 50 new and existing members completing their Bronze. Thank you to Matt Taylor and his team in delivering these revamped and innovative programs.

The 2018 Burson Rock2Ramp Ocean Swim was held on December 28th in near perfect conditions. This major fundraiser was a tremendous success with a new record of 1024 swimmers participating. Not only does this event provide much needed funds to the Club, but it also bolsters tourism to the area which supports local businesses in the region.

The Nipper and Starfish programs had another great season. Thank you to all the parents, water safety and age group leaders for your support and contribution to making these programs so successful and fun for the participants. These programs have been run under the leadership of Fiona Fitzgerald, Naomi Symington, Janet Jones and Rob O'Brien and their personal enthusiasm and contributions have been significant in the success of these activities.

Our Surf Sports area is currently rebuilding from the grass roots up. This will be a long process however the Club is committed to investing in the youth of the Club as well as supporting our existing athletes. We would love to see more middle-aged members strap on the white with green hoops cap and join in as a Master's competitor, no matter your ability. We have to remember that Surf Sports is not all about elite performances, it is open to everyone no matter whether you finish first or last and must be fun!

Congratulations to our State Team representatives, John 'Dibs' Fitzgerald (Youth Team), Marli Wilkinson and Saxon Beale (Senior Team) on their selections. I would also like to congratulate our Australian Surf Life Saving Championships 'Aussies' medallists: Naantali Marshall for her individual medal haul (3 Gold), Sally Cumming (1 Silver and 1 Bronze) and the Women's Beach Relay of Naomi Symington, Sally Cumming, Naantali Marshall and Illona Carson (Silver) in the Masters' competition. In the open competition, congratulations to Marcus Jones (Bronze) and the Under

19's 5 Person R&R team of Kirra Burke, Alexandra Madeley, Rhianna Burke, Stephanie Warmuz and Megan Wyatt (Bronze).

The Club prides itself on providing a safe beach by responsible and vigilant patrolling members. This past season was no different, with our members performing some life-preserving rescues from the very first weekend of patrol. It is disappointing to see the number of drownings in Victoria over the past 12 months and it highlights the important work that surf life saving clubs do in educating members and the community to exercise caution when in and around the water. We need to continue to train and educate people about water safety skills, first aid and how to perform CPR, whilst ensuring that there is adequate supervision and that people understand their current swimming ability. Thank you to all those members who ensure that our beach remains safe.

The Annual DoorKnock fundraiser took place in early January with approximately \$30,000 raised. Thank you to all the helpers for making this fundraiser a success. Thank you also to the team led by Peter Williams.

We have welcomed a number of new staff to the Club over the past 12 months. Grace Bath and Chris Hibbert were appointed in the lead up to the summer months as our Facilities & Support Officers. Their contribution to all operations of the Club has been outstanding. I would also like to thank Tanya Devine who held the part-time role of Fundraising, Partnerships and Communications Officer from May to December 2018. Tanya proved to the Club the need for the role, bringing in significant new funding through sponsorships and grants, as well as improving member communications. It was a pleasure to welcome Jen McIntyre to the revised full-time role of Marketing and Events Officer in January 2019.

The 2018/2019 Season is the last season of the lower clubhouse as we know it. A huge amount of time and thought has gone into ensuring that the plans for the clubhouse redevelopment will accommodate our current and future needs. It will ensure we continue to fulfil our core purpose of delivering essential beach safety and lifesaving services, whilst also providing a hub for all training operations and administrative activities. The new building will have the flexibility to cater for other community and corporate organisations, particularly in the off-peak period. At the time of writing this report, I am pleased to advise that the Club signed a design and construction contract with FourSq in early July and the redevelopment has now commenced. The project will take around 10-12 months to complete.

It would be remiss of me not to acknowledge the tireless work of our Building Redevelopment Committee, led by Peter Williams. Peter's leadership through this project has been significant. I would also like to acknowledge all of the

committee members including Chris Porter, Ingilby Dickson, Noel Langford, Andrew Suttle and Graeme Weber. From the Board, a special mention to Directors Richard Carr and Chris Foley for their support of this project.

After successfully securing a grant towards the completion of a new Strategic Plan for 2020-2025, the Club engaged the Geelong Consulting Group to facilitate this project. The Strategic Plan will guide the Club in the provision of facilities, services and programs that are designed to increase participation and engagements in a sustainable way over the next 5 years. We will continue to engage with all members and social pass holders as we move forward with this project.

At the end of the surf life saving year we bid farewell to a number of leaders of the Club who have contributed significantly. Firstly, to Lloyd Simpson who has been our long-serving First Aid Officer, thank you for your outstanding service in this critical area of the Club for the past 12 years.

Janet Jones is co-founder of the Starfish Nippers program and along with Naomi Symington has been a driving force in the establishment and continued operation of the program. Her contribution to the Club has been outstanding and we wish her well for the future. Fiona Fitzgerald has been the Big Nipper over the past few years. Thank you to Fi for her commitment to the Nipper and Dolphin programs over this period. I would also like to acknowledge outgoing Directors Hugh Moodie, Kate Walker, Paul Lunny and Rob O'Brien for their respective contributions to the Club.

As some leaders stand down, new leaders step up. Welcome to Sam Hume (Director of Youth Development), Matt Angie (First Aid Officer), Barry White (Vice President – Life Saving), Matt Keenan (Big Nipper), Ivor Morgan (Big Dolphin) and Tim Bone (Director of Facilities).

It was a pleasure to honour various members during the season, including:

- Honorary Membership – Anne Ramsden, and
- 60 Year Long Service Award – Garry Johnson

Toward the end of the year, it was with sadness that we farewelled Club legend, John Worrell OAM. As one of the founding members of the Club, John's support over the years has been unwavering. He will be missed, and our condolences go to Joan and the family.

In closing, I would like to take this opportunity to reflect on our purpose as a Club. As we move forward into a new year of surf lifesaving at Anglesea we must continue to grow as a Club, while ensuring we focus on what we are here for. Our first priority is to ensure that we provide a safe beach environment for all visitors, across the entire patrolling season, not just the peak December and January period. We need all members to assist us to deliver this vital level of service.

I encourage all supporters, members and social pass holders to get involved in everything 'Anglesea'. We are a great Club, doing great things, and I encourage everyone to take an active part.

**Tom Cullen**

*President*

# VICE PRESIDENT - OPERATIONS

It has been another big year at the operational end of the Club with an increasing focus on the clubhouse redevelopment.

We are fortunate to have a hugely talented and committed team of Directors working across the operational disciplines :

**Marketing :** Following the on-boarding of Kate Patterson late last season in the role of Marketing Director, there has been a marked improvement in the quantity and effectiveness of our marketing and communication activities.

**Finance :** On the financial front, we continue to be served by long standing member and competitor, Richard Carr who is our Finance Director and one of the region's leading accountants and business people.

**Administration :** Our significant administration activities associated with running a not for profit organisation with over 1,500 members have continued to be managed dutifully and effectively by Derek Stott.

**Facilities :** Please join me in welcoming our recently appointed Facilities Director, Tim Bone. Tim is an active Nipper Parent, Anglesea resident and owner of the BIG4 Anglesea and BIG4 Bellarine Holiday Parks, so he has extensive experience managing public buildings and visitors in seasonal locations.

**Strategic Adviser to the Board :** Please join me in welcoming our recently appointed Strategic Adviser to the board, Jono Clark. Jono has two children involved in the Club and brings extensive international commercial finance, marketing and retail skills and experience to the Board.

This year we instigated a new House Committee ahead of the redevelopment commencing. Please join me in welcoming and thanking the members of this committee:

Ron Canale, Kate Patterson, Mick McConnell, Gina Khalil, Derek Stott, Tim Bone, Jono Clark, Lachlan Appleby

The House Committee oversees ASLSC's clubhouse experience for members and guests. This includes:

1. Develop and negotiate a contract(s) for the provision of clubhouse food and beverage services and the rental of facilities for member functions that reflect ASLSC members needs and preferences in a commercially sustainable way.
2. Monitor member and guest satisfaction with their clubhouse experience (cleanliness, use and cost of space, accessibility, friendliness etc).
3. Monitor member and guest satisfaction with the club's food/beverage offer.
4. Define and communicate behavior and dress codes to members and guests.
5. Monitor behavior and dress codes.
6. Monitor the performance of food and beverage contracts (service levels, satisfaction, brand protection & financial outcomes).

Below are the results of our recent review of the Club's governance principles.

## ASLSC Governance Principles – Annual Review 2018 - 19

The Board endorsed these governance principles in October 2016, the following is a concise review of the status of compliance to these.

### Principle #1 : Roles and responsibilities

Description : There should be clarity regarding individual director responsibilities, organisational expectations of directors and the role of the board. This is supported by clear and current bylaws.

Status : Compliant, as indicated by the following :

Roles reviewed and amended during this period include:

- VP Life Saving
- Marketing Director
- Rescue Services Director
- Member Development Director
- Surf Sports Director

### Principle #2 : Board and management committee composition

Description : ASLSC's organisation leadership (Board and Committee members) needs to consist of people with a mix of the right skills and experience. Consideration will be given to how the addition of an individual builds the collective capability and effective functioning of the Board and Committees.

Status : Compliant, as indicated by the following with their CVs listed on our web site:

- Tom Cullen : Role - President for 3 years
- Chris Foley : Role - VP Operations for 3 years
- Barry White : Role - VP Lifesaving for less than 12 months
- Hugh Moodie : Role - Club Captain for 2 years
- Elise Langford : Role - Director Rescue Services for 1 year
- Mike Martin AM : Role - Secretary for 4 years
- Richard Carr : Role - Director Finance for 7 years
- Kate Walker : Role - Director Competition for 18 months
- Matt Taylor : Role - Director - Member Development for 12 months
- Sam Hume : Role - Director - Youth Development for less than 12 months
- Kate Patterson : Role - Director Marketing for more than 1 year
- Tim Bone : Role - Director Facilities for less than 12 months
- Derek Stott : Role - Director Administration for 2 years

### **Principle #3 : Purpose and strategy**

Description : The board is responsible for setting the vision, purpose and strategies of the organisation, helping the organisation understand these and adapting the direction or plans as appropriate. This is documented in ASLSC's Strategic Plan and reviewed and updated regularly.

Status : Compliant, as indicated by the following :

- Completed a strategic and operational review of Club activities against ASLSC's Strategic Plan in March 2019 involving senior leaders from across all sections of the club.

### **Principle #4 : Risk recognition and management**

Description : By putting in place an appropriate system of risk oversight and internal controls, the board can help increase the likelihood that ASLSC will deliver on its purpose.

Status : Compliant, as indicated by the following :

- Annual risk review and workshop involving Board and Club leaders.
- Each board meeting starts with a discussion and documentation of recent risk events/issues.

### **Principle #5 : Organisational performance**

Description : Anglesea SLSC will develop and use appropriate performance categories and indicators to assess progress at delivering on its purpose.

Status : Compliant, as indicated by the following :

- Initiated our second annual member survey to monitor member satisfaction and issues.
- Financial audit review completed and tabled.

### **Principle #6 : Board effectiveness**

Description : ASLSC's board effectiveness will be enhanced through: careful forward planning of board-related activities; board meetings being run in an efficient manner; regular assessments of board performance; having a board succession plan; and the effective use of sub-committees, where appropriate.

Status : Compliant, as indicated by the following :

- Completed a strategic and operational review of club activities against ASLSC's Strategic Plan in March 2019 involving senior leaders from across all sections of the club.
- Initiated and completed an annual member survey which was completed by 100+ members of all ages.

### **Principle #7 : Integrity and accountability**

Description : It is important that the board have in place a system whereby: there is a flow of information to the board that aids decision-making; there is transparency and accountability to external stakeholders; and the integrity of financial statements and other key information is safeguarded.

Status : Compliant, as indicated by the following :

- Full independent Audit initiated and completed in June 2019. This exceeds ASLSC's accounting and reporting requirements as a registered not-for-profit organisation.
- Review of Expenditure Policy

### **Principle #8 : Organisation building**

Description : The board has a role to play in enhancing the capacity, capabilities and culture of ASLSC and its members.

Status : Compliant, as indicated by the following :

- Annual member survey to solicit feedback
- Engaged external consultants to review the clubs five year business plan, capabilities and opportunities.

### **Principle #9 : Culture and ethics**

Description : The board sets the tone for ethical and responsible decision-making throughout the organisation

Status : Compliant, as indicated by the following :

- Initiated and completed the clubs second annual member survey which was completed by 100+ members of all ages.
- Governance and Finance Committees in place and available to board for counsel, review and guidance.
- Governance framework in place to support the redevelopment of our clubhouse.

### **Principle #10 : Engagement**

Description : The board helps ASLSC to engage effectively with stakeholders.

Status : Compliant, as indicated by the following :

- Quarterly production and distribution of the Green & White Broadsheet via letter box to all Anglesea residences (December), mailed to all members and circulated to local businesses and agencies.
- Secured \$1 million grant from the Federal Government to support ASLSC's clubhouse redevelopment.
- Regular communication with Great Ocean Road Coastal Committee on beach environment issues.

### **Chris Foley**

*Vice President - Operations*

# ADMINISTRATION AND FACILITIES REPORT

This is my second season as the Director of Administration for the Club and having a little more knowledge and experience of the tasks and most importantly, who to turn to for sound advice, has made the role easier to manage, and hopefully, I have assisted the team in quickly resolving the issues that surfaced as the year progressed.

As the Director, my responsibility is to ensure that resources and systems are in place to enable the key activities of the Club's front office to function effectively. These include the important roles of greeting and answering Members and visitors' questions, helping with on-line renewals, answering phone calls and responding to emails. All of these activities need to be calmly managed, while helping parents find lost items or their lost children, and while directing maintenance contractors and suppliers to the right locations and checking that their jobs are completed. Clearly a multi-faceted role that requires, skill and patience from our team !!

The effective administration of these day to day operations of the business of the Club are managed by Jaci Chin-Jewson, our Admin Coordinator, and Jaci is very well supported over the peak season and during her vacation breaks by Jennie Mauderer our Admin Assistant.

Jaci and Jennie are now based in our temporary office in the old gym, under Captain Moonlite, until the new building is completed. Jaci's office hours at the Club can be found on our web site if you would like to drop in for a chat, or Jaci can be contacted by phone or email. Please note that we are maintaining a limited stock of swimwear at the Club and a limited range of other Club merchandise until the new season starts up.

In addition to managing the front office functions, Jaci has developed broad knowledge over the past three years in running of all the back office aspects of the role, which encompasses :

- Receipting and banking of incoming funds, including membership renewals and new member fees, competition fees, grants, donations and pledges.
- Payments to key service providers which includes Local, State and Federal Governments, LSV and SLISA, statutory bodies that control liquor licencing and charity related activities when we run tin-rattles, raffles and other fund raising events.
- Payments to numerous services that the Club requires, including water, gas, power, fuel, food, insurances, merchandise, first aid supplies, pest control, cleaning, repairs, phone and web-based telecoms, IT support and waste removal services.
- With our Club's annual revenue approaching \$1M, the efficient and accurate processing of these transactions into our accounting system is a critical function of the role. The external auditing of our annual financial accounts has

confirmed that we manage these processes effectively.

The expert accounting support provided to Jaci and to me by the staff at West Carr & Harvey has been invaluable, and I would again like to thank Richard Carr's team for their advice and guidance as we continue to improve the accounting and internal reporting functions.

Our relationship with the Bendigo Bank continues to be of significant value to the Club, both from ease of use and from the grants provides back to the Club. I would encourage all members to consider using the Bendigo Bank and please ensure the bank staff know that you are a member of the Club, as this directly drives the size of their grants delivered back to the Club.

In addition to the financial aspects of the role, the Admin team invests significant time and effort in assisting our existing Members with their annual renewal process and by guiding new Members through the initial registration processes of membership on SurfGuard, the LSV portal which all Clubs use.

We recognize that the annual membership renewal process can be challenging and the five year renewal of a WWCC (Working with Children Check) can appear to be complex or time consuming. I encourage all Members to review and use the information on the Club website or contact Jaci or Jennie directly if any aspects of the processes appear confusing, as they can quickly guide you through the process to a happy ending !!!

To further encourage involvement with the Club and to provide Member benefits at Captain Moonlite, we introduced a Social Pass option this past season, which was taken up by both local Anglesea residents, short term holiday visitors and the less active Club supporters. We introduced this Pass to provide a simplified entry to enjoying the social side of the Club's facilities, while hoping that it would also encourage users to consider full membership of the Club in future, which then enables full access to changing facilities, training and engagement with competition and social events run by the Club. The Social Pass does not require a WWCC.

Prior to the summer we launched an on-line Club shop, hosted by UA Ghanda, which was intended to provide an additional option for buying Club merchandise. This on-line shopping option was only partially successful and we have learnt a number of valuable lessons from the experience. With the added retail industry expertise of one of our new Board advisors, Jono Clarke, we plan to improve the access, service delivery and quality of our merchandise over the coming seasons. Due to the construction of the new building our old Club Kiosk has been lost for this coming season, so we will be considering some "pop-up" options as an alternative. Please stay tuned to our web site and social media pages for more information, as the season approaches.

## Facilities

Maintaining the Club's lower building facilities in a serviceable condition has been a real challenge, as we had to continually evaluate the benefits of spending on significant and needed repairs without really knowing when we would eventually demolish the building.

The state of the changing rooms and the storage areas was a prime example of this dilemma and we thank the Members for their patience and understanding of the conditions experienced over the past season or two.

The next challenge we face is thankfully a shorter-term problem, as we demolish the lower building over this winter and have temporary facilities for the coming summer. There will be some compromises needed as we cope with 500 Nippers, 50 SRC students and numerous Bronze re-quals and other training programs.

We have a Transition Team working on these issues and the work done by Chris Porter to date has been outstanding and we pass on our thanks to him for his leadership and tireless contribution.

The production of this annual report is a significant task to complete, and I would like to thank Prue Weber for her guidance and attention to factual detail, which is critical for this process. The report has been a very useful promotional tool as we pursued new sponsors, government grants and private donations for the redevelopment project, which we have now commenced.

I would like to especially thank Jaci and Jennie, Tom Cullen, Mike Martin, Graeme Weber and Chris Foley for providing great support to me over the past year and I look forward to the 2019/20 season as our new Club building takes shape. It will be a different year with temporary facilities in place, but our beach and the safe waters of Anglesea will continue to be a great place to enjoy, while staying safe in the water.

**Derek Stott**

*Director of Administration*

# CLUB CAPTAIN'S REPORT

Another summer done and dusted. On behalf of the Directors and Committees, I would like to say thank you to our President, Tom Cullen, for what has been a fantastic year with multiple achievements across the Club, Board and Committees to be proud of.

Being a part of Anglesea SLSC is something very important to me and something I cherish, and I know that all our Members feel the same way. Having started as an U7 Nipper around the year 2000, I have loved every second of my journey with this Club and I hope to have many more as we move into a new period of our Club's history - with the building of a new clubhouse. To be part of an organisation such as ours and to be able to experience and work with such a great group of people is something special that we should all hold dear and be thankful for.

Whilst we look forward to our future, we must also reflect on what was a good season for the Club. The season just gone was fun for a whole variety of reasons. We have continued our presence in the community, growing our relationship through various markets and community events. The enjoyment I have seen in the faces of all our patrollers and competitors after another safe year by the beach is a testament to all our volunteers and I encourage all those who are not patrolling or competing to come down and give it a go. Our ASR program is a lot of fun and a great way to develop new skills and make lifelong friendships.

Our volunteers have turned out again this year and should be commended on a great season. From our Nipper parents behind the BBQs, to our working bees, patrollers and officials, we thank you for your commitment to our Club. As we strive toward our new clubhouse, every member will have a part to play in making our new clubhouse a community hub for the future. Whilst next season may be disrupted, we will again endeavour to run as many events and continue to keep our beaches safe.

Already I can't wait for next season as we work towards something new. From the Ding Alley Pro over Easter to our Nipper Program over Summer, our Club is full of great opportunities and I am always looking out for new and old Members to get involved ...so please reach out, say hello and do get involved because believe me, it's the best thing I ever did and I know it will be the same for you.

**Hugh Moodie**

*Club Captain*

# MARKETING AND EVENTS REPORT

Following a lengthy period with no dedicated marketing resource, 2018/19 saw three new faces join the Club to drive its marketing efforts. I came on board as Marketing Director in May 2018, shortly followed by the appointment of Tanya Devine in the part-time role of Marketing, Events and Fundraising Officer.

Tanya quickly established herself as a vital part of the Club's small but prolific workforce, immediately improving the frequency and consistency of member communications and streamlining the delivery of marketing campaigns. She also provided outstanding support in the fundraising area, securing almost \$70,000 in grants by the end of 2018.

So successful was Tanya in justifying the need for a permanent marketing role, it quickly became evident that there was capacity to make the position full-time. While this didn't fit with Tanya's stage in life, we were fortunate to recruit Club member and Nipper parent Jennifer McIntyre into the re-vamped role as full-time Marketing and Events Officer. Jen brings amazing sports management credentials to the club, after being the inaugural General Manager of Netball for the Collingwood Football Club, and prior to that holding a number of leadership positions with Netball Victoria and the Melbourne Vixens.

Jen has continued to build on the strong foundations Tanya set, as well as bringing her own unique style and passion for the Club and its place in the community. Since starting her role in January, Jen has successfully secured over \$10,000 in grant funding, and continued to build on the growth and engagement across all of our communications channels including Facebook, Instagram, the website and the Green and White newsletter. She also planned and delivered the farewell party to our clubhouse on Easter Sunday, which was a beautiful celebration of the personalities and memories which have made the old building a true home for so many years.

Our focus over the winter will be on ensuring that members and the broader community are kept well informed throughout the redevelopment period, while keeping them engaged through the delivery of a number of new and existing social events and activities. We are also excited about contributing and sharing updates on the 2020-25 Strategic Plan, which will guide our efforts in the coming years.

**Kate Patterson**

*Director of Marketing*

# RESCUE SERVICES REPORT

The 2018/19 season saw Anglesea Surf Rescue members provide an ongoing safe aquatic environment through active patrolling, primarily during the peak times, for over 7,300 beach visitors. In addition to our contribution, Lifesaving Victoria funds the cost of manning our beach with paid Lifeguards during the balance of the season. These combined resources ensured that over 48,000 beach visitors were protected this season.

This significant service delivery was largely due to effective pre-season planning, the support of ASR Captains and their teams, lifeguards and the Club members who supported the ASRs on patrol.

Pre-planning for the season commenced with Emily King, our Patrol Co-ordinator, preparing the patrol roster for our ASR teams and ensuring all ASR members had re-qualified in preparation for the season.

Lachie Appleby (Gear Steward) and James Betson (IRB Manager) worked tirelessly repairing and coordinating the servicing of all of our patrol equipment prior to the season. As a result of Lachie and James' good work all of our equipment passed the annual gear inspection and was ready for the first weekend of patrol. Lachie and James' ongoing maintenance support throughout the season enabled the club to have sufficient equipment on hand for all patrols and water safety activities over the season. A significant challenge, and well managed !!

As he has done for numerous years, Lloyd Simpson, our First Aid Officer ensured that the first aid room was well organised and stocked throughout the entire season. I was saddened to hear that Lloyd has chosen to step down from this role in the upcoming year but I would like to take this opportunity to thank him for his countless years of outstanding service in this role.

Our seven Anglesea Surf Rescue (ASR) teams delivered 47 days of patrol over the course of the 2018/19 season. Despite our ability to provide beach goers with a safe aquatic environment, this season had its challenges. The most important being our ability to ensure that we had adequate numbers of qualified members patrolling. A decrease in available ASR members required us to move from eight ASR teams to seven.

The reduction in ASR teams resulted in a significant increase in the number of hours each team was required to complete for the season. Captains and their teams were rostered, on average, to complete 42 hours of patrol for the season. This was almost triple our Club's target requirement.

The role of Patrol Captain can often be challenging: managing the beach; monitoring visitors, assessing surf conditions as well as up to 30 members on patrol on a number of occasions.

In spite of these challenges, our ASR Captains kindly volunteered their time to lead and share their knowledge and experience with their teams this season.

During the 2018/19 season the ASR teams were ably lead by the Club's seven patrol Captains:

ASR 1 - Will Ronis	ASR 2 - Emily King
ASR 3 - Elise Langford	ASR 4 - Hugh Moodie
ASR 5 - Mason Schaub	ASR 6 - Lachie Eaton
ASR 7 - Erik Kryoherr	

We thank our ASR Captains and their teams who were vital in ensuring that Anglesea met its minimum requirements with LSV.

As a Rescue Services Team we recognise the need to continue to strengthen our brand. We need to ensure even more members participate on patrols in the coming seasons, in order to grow our lifesaving capability and to more equally share the workload across the Club. We are thankful for those members who patrolled in 2018/19 and are looking forward to seeing them back again during the 2019/20 season, together with as many members who missed out this season. During 2018/19 volunteer patrol teams performed 4 rescues, 30 first aids and 2,308 preventative actions over the season, resulting in a safe aquatic environment being delivered to Anglesea visitors.

Anglesea was again serviced by lifeguards each day over the peak summer period. Lifeguards play a vital role in keeping our beach safe during the week and we thank them for their service as well as the 1 rescue, 34 first aids and 1,042 preventative actions they performed while working at Anglesea and Point Roadknight this summer.

It is a Club requirement for all of our active members to complete 16 hours of patrol each season. This season a number of our active members fulfilled this commitment and we hope to see them return next season. In addition, I would like to take this opportunity to thank those members who went above and beyond their commitment to actively support rescue services this season.

**Elise Langford**

*Director of Rescue Services*

# YOUTH DEVELOPMENT REPORT

Whilst I have been a continuous member of this Club since 1983, it has been wonderful to increasingly re-engage over the past few years as our children enter Nippers and to observe the remarkable Nipper, Starfish, Dolphin and youth programs in action. The knowledgeable and overwhelmingly positive leadership of the Nipper program is a great example of volunteerism and community service in developing life skills and hopefully life-long friendships in our children. It is with great pleasure that I report on youth development activities at Anglesea for the 2018/19 season.

The intensive summer period of Nippers, complete with our Art show, Family night and concluding with the Club Championships proceeded this year with excellent weather and great participation rates. Additionally, many young members chose to attend other activities. The year-round Dolphins program, run monthly throughout winter and then weekly from spring, built fitness and surf skills through exposure to the everchanging aquatic environment. We ran a December training weekend with numerous fun and challenging activities, developing our community and friendships for both Nippers and parents alike. After competing in surf carnivals at Bancoora, Mordialloc and Lorne, we then returned to Lorne for the State Titles where challenging surf ultimately resulted in shortening of the carnival on the final day. Anglesea came 6th overall in the point score but the highlight for me was the sense of comradery across our team as Nippers and their parents rallied around their determined clubmates in the final events. The Club coaches and I hope to build on this momentum for the coming season.

Fiona Fitzgerald has provided outstanding leadership during her time as the Big Nipper over the past 3 years. By placing a high value on participation and the development of friendships, she has generated a great sense of community within the junior club. Along with her husband Shem and children Dibdin, Jemima and Chloe, who are always working hard behind the scenes readying gear, leading activities and providing water safety, I wish to wholeheartedly thank Fiona and the entire Fitzgerald clan for their extended and considerable contribution to the Nipper and Dolphin programs. Fiona has nominated herself to coordinate the water safety team for the upcoming season, so will remain heavily involved.

Janet Jones created and has led a ground-breaking Starfish Nipper Program over the past 8 years and is stepping down for next season. As a Club, we wholeheartedly thank you Janet for your vision and passion in pioneering a program that truly celebrates diversity and inclusiveness. You have, along with Naomi Symington, brought joy to so many of our members and we wish you luck in your future endeavours.

There have been some inspiring members I would like to highlight. Training to become the youngest paddler to cross Bass Strait unsupported, Max Mauderer was unfortunately

sidelined with a serious illness this season. However, in a testament to his perseverance and determination, he utilised his enforced downtime to develop his paddling technique and skills, later racing at the Australian titles in the U17 ski where, despite a lack of race practice, he was one of the leading paddlers through the qualifying rounds. On the lead wave in the final with 4 others, he was eventually assigned 5th place following extended deliberations by the judges which is a fantastic result and demonstrates the value of cultivating both opportunity from adversity and a steadfast self-belief.

Hard working and ever-enthusiastic, Dibdin Fitzgerald made the Victorian State Team that travelled to Sydney for the Interstate Championships, and this season he won his second State Ironman Championship. Just as significantly, he was able to utilise his rescue skills to perform a critical rescue on the morning of the junior State Nipper Titles. Verity Duff and Harriet Maskell represented Anglesea at the U15 Leadership Development Camp to advance their leadership, interpersonal and teamwork skills along with 48 youth members from 28 clubs. The camp sought to develop our future leaders and both Verity and Harriet thoroughly enjoyed the experience and we look forward to their insights next season. Well done Max, Dibdin, Verity and Harriet!

Our Nipper and youth activities have been generously supported by local businesses A-Z Plumbing, Great Ocean Road Chocolaterie, Great Ocean Road Landscaping, Avalon Airport and Big 4 Holiday Parks. I would also like to highlight the generous and ongoing support the Club receives from Escala Partners, Hocking Stuart Real Estate and New Balance, and would encourage members to return the support for these fabulous sponsors.

The future of our Club lies within this youth program and for 2019/20 I am putting in place a structure that capitalises on the many talented people within our Club to ensure we provide value and relevance to our junior members as they transition into the senior club. As such, U14-17 year olds will be within the purview of youth development. Through Matthew Taylor, we will be providing a more visible path towards awards with annual opportunities to progress from the Surf Rescue and First Aid Certificates through to Bronze, Silver and Gold Medallions. Social events, developing links with Anglesea Primary School, a junior committee and non-lifesaving outdoor and educational activities will encourage year-round youth involvement with the goal of enhancing member retention and establishing our future new clubhouse as a central venue for youth interaction and community.

For those interested in competition, Dolphins will cater for the transition to senior competition with access to full size boards and transition surf skis, along with top-level coaching by Jamo Porter, Ivor Morgan, Fiona Fitzgerald and Naantali Marshall. Without a clubhouse for next season, we will look to repeat the success of our December Dolphins training weekend at another venue, plus develop further training camp opportunities on the Sunshine Coast. Our Dolphins program runs throughout the year, including winter, and continues to develop fitness and surf skills in a fun and sociable format. This year we have incorporated some Melbourne-based sessions and I would encourage anyone interested to attend – the best way to find information is by subscribing to Anglesea SLSC Surf Sports on Team App.

Finally, I would like to thank the countless parents and other Club members who continue to support our children through participation as age group leaders, BBQ attendees, water safety, social event organisers and in a myriad of other ways. Our programs are enhanced by your efforts and I would challenge everyone to consider how they could contribute for next season. I would also like to thank Jaci Chin-Jewson, Jennie Mauderer and Jen McIntyre who work tirelessly behind the scenes for the benefit of the Club, the Anglesea Supporters Group who funded a number of Nipper activities and equipment, and to Rob O'Brien who managed the youth development role for the 2018/9 season. Please feel free to provide me with feedback and suggestions to enhance the surf club experience for our junior members.

**Sam Hume**

*Director of Youth Development*

# NIPPERS REPORT

Our Club's program continues to attract great support from parents, with nearly 500 Nippers enrolled to take part in the intensive program, which was condensed down from the usual 10 sessions to 9 due to the fall of the holiday dates this year.

We had a strong turn out of new Age Group Leaders, including some of the younger members of our Club. Managing large groups of kids is not always an easy task for 16 to 20 year olds, as these groups can be incredibly intimidating. However the benefits for the Nippers to have younger (not parent) leaders is so positive and it is also invaluable experience in developing people management and communication skills for these emerging leaders. This engagement of younger leaders is something I would like to see actively encouraged in the future, as a development pathway for them after they have been assisting with water safety support. Other new Age Group Leaders also witnessed an injection of new energy into the program after a changing of the guard over the last few years, which saw a drop off in the number of Leaders.

The Nipper program consisted of an integrated approach combining surf safety and surf sports skills development in each session. The focus continues to be on building confidence, community and capacity within each age group. The Water Safety volunteers were very integral to the program and the team was well led by Matt Keenan, who along with a group of very experienced parents, helped mentor over 100 young Bronze and SRC holders in maintaining effective water safety for the large Nipper group. I can say with complete confidence that this year's Water Safety team were the best we have ever had and they made the program so successful. They also inspire the Nippers to strive to build their skills and confidence in the water, and to one day become the next-generation of Water Safety crew and beyond at the Club.

Thanks to the wonderful Supporters Group we were able to purchase some new equipment for our competition squad, including some transition boards for our under 14 athletes and some fiberglass Nipper boards for smaller athletes. The Supporters Group also hosted our now annual family fun night at the Anglesea Football Club, and again this proved to be a wonderful opportunity for the Nipper community to come together and hopefully feel a stronger connection with the Club. We are always so grateful for the help of the Supporters Group.

Our Sponsors are truly pivotal to the program we run for members of the Club. Thanks go out to:

**Avalon Airport / Escala Partners / Hocking Stuart / New Balance / A-Z Plumbing / Great Ocean Road Landscaping**

On the competition front we were sad that the annual encouragement carnival at Cosy Corner was cancelled because of extreme heat, as we had nearly 100 Nippers registered to compete. The annual Club Champs were held in the final session of the intensive program and it was a great way to end the program, see the results below.

## Age Managers Awards

Age Group	Female	Male
Under 7	Lenni Saw	Liam Watkins
Under 8	Mary-Jane Gilbert	Joshua Davidson
Under 9	Maisie Shenfield	Charlie Lamb
Under 10	Audrey Nixon	Jake Tucker
Under 11	Zoe McConnell	Ted Bone
Under 12	Nora McKellar	Daniel Golding
Under 13	Ella O'Brien	Jack O'Malley
U14	Rosalie Shaw	Luca Alessio

## Club Champions

Age Group	Female	Male
Under 7	Isabell Inglis	Jake Reed
Under 8	Eloise Spinks	Max Fraser
Under 9	Harper Kelly	Banjo Wilson
Under 10	Grace McIntyre	Jimmy Keenan
Under 11	Ellie Morgan	Joshua McKenzie
Under 12	Georgia Ragg	Mackenzie Keenan
Under 13	Maya Brammer	Charlie Forster
Under 14	Stephanie Bare	Dibdin Fitzgerald
	Nikki Higgins	Tommy Jovanovic
	Claudia McNee	
	Holly Dover	

**T-shirt finalists:** Winner – Amelia Blake

### **Dolphins Competition Team**

The competition squad went from strength to strength this season, commencing with monthly winter training sessions run by Jamo Porter. The team started weekly training in October and the squad continued to train at least weekly until the State Championships in late February. The coaching team of Ivor Morgan, Naantali Marshal, Sam Hume and myself worked to develop skills, fitness and confidence across all the surf sport disciplines. We competed at four major carnivals, Bancoora, Mordialloc, Lorne and State Champs (also in Lorne). We had 62 competitors at Bancoora and Mordialloc and 48 at the Victorian Championships.

We produced some good results at the Victorian Championships, which are covered in detail later in this report. Due to dangerous conditions, Sunday's events were cancelled, including most water-based team events. With the growing numbers of athletes and such an experienced coaching team, including the continued support from Jamo Porter, I look forward to seeing the team grow in skill and size.

After three years as Big Nipper I am passing the reins to Matt Keenan who has been involved in the program for several years now and has Mackenzie (U13) and Jimmy (U11). He and his wife Chris are always putting their hands up to help with everything and anything, as they are great contributors to the operation of the Club, and I know the Nipper program is in very safe hands.

**Fiona Fitzgerald**

*Big Nipper*

# STARFISH NIPPERS

Thanks to the enthusiasm and passion of our 21 Starfish Nippers, our program was again a great success at Anglesea this year.

We were delighted to have Owen, William and Joseph join our group for the first time this year and welcome back our wonderful participants from previous years.

By again modifying Nipper activities to meet all abilities, we were able to focus on our Starfish Nippers' strengths and develop their skills on the beach and in the water. They have certainly improved in their fitness, water safety, skills in the water and beach activities. It has also been fantastic to see so many connections and friendships develop beyond the beach, with families, trainers and Starfish Nippers arranging catch ups and social activities.

Our Starfish song was again a hit to begin each session in a fun and engaging way, with our Nippers playing their instruments to the beat. During each session, we undertook our own group activities to develop skills and confidence, and on many occasions, we joined with different age groups to take part in flag activities, wade relays, running relays and a water bucket relay.

We had our courageous Starfish Nippers and trainers compete again in the Roo Run this season - running 2.5km is no easy feat! Thanks to the Anglesea Yacht Club and Surf Coast Trail Runners for organising the event and making it inclusive to all of the community.

For the first time, we added a First Aid component to our program, joining with the SRC group to extend those Starfish Nippers who wanted to learn more about emergency treatment. It was terrific to see how much our participants learnt from the experience and a real highlight to see them demonstrate CPR and proudly recap the first steps in First Aid assessment.

During the season, we attempted to hold an Open Day for all Starfish Clubs, families and interested new Nippers and families but unfortunately a heat wave meant the session had to be cancelled and when we postponed it to the Saturday, it didn't suit many families. We did have a Starfish Nipper and his trainers from Hampton LSC come and enjoy our obstacle course and age group activities and I am sure they took back some ideas for their own club.

I'd like to thank Naomi Symington for her support and enthusiasm during the season.

Together with Hampton LSC, we organised the inaugural Starfish Nipper Carnival in February. Hampton LSC initiated the carnival and made it happen thanks to Kerrie Curtis and her team. Naomi and I assisted with running the day but Hampton LSC put in all the work, arranging activities for groups of different abilities, sticker boards for achievements and an awesome medal presentation with medals donated from the Anglesea Uniting Church. In total, 51 Starfish

Nippers attended from Starfish programs across Victoria including Anglesea SLSC, Williamstown S&LSC, Hampton LSC, Point Lonsdale SLSC, Venus Bay SLSC and Mount Martha LSC. It was such a magical day with everyone so happy and proud.

Again this season, our program for Starfish Nippers at Anglesea would not have been possible without our fantastic trainers who continue to give up their holidays to volunteer with the Starfish program. We were fortunate to have so many of our trainers return this season and were thrilled to welcome Caity and James to our team. When we started the program in 2011 at Anglesea, we had just six participants and six trainers. But thanks to the dedication and commitment of so many, that's now grown to 21 participants and 27 trainers.

Thank you also to our loyal supporters and community donations from :

Hilton White Estate, Anglesea Uniting Church, the Anglesea Golf Club Ladies Charity Day, the Anglesea Lioness Club, Haverstock Hill Foundation and individual donors.

A special thanks to Chaplain John Russell who again volunteered his time on the beach to talk to families and take photos for a fabulous video each Starfish Nippers was able to take home at the end of the season. Also thank you to Susan Reddrop (Saskia's mother) who made the wonderful resin Starfish for each of the Starfish Nippers and trainers and my large Starfish, which were such a work of art.

Thanks again to Jake Foster who has helped me with the Starfish website and all the updates. With funding from Hilton White Estate, we also updated all the Starfish Nipper resources and were able to work with Liz Carthers from Bold Communications who put in many extra hours into the project. These resources will not only benefit our Club but will potentially benefit the growing number of Starfish clubs across Australia as well.

Lastly and most importantly, I would like to thank our Starfish Nippers who continually inspire us and bring so much joy to our beach.

**Janet Jones**

*Starfish Coordinator*

# COMPETITION REPORT

After a turbulent few years, last off-season was time to reflect on all of the reasons why we at Anglesea are passionate about surf sports and why we love competing for the mighty green and white. We looked to our leaders, our coaches, our athletes and our supporters for reminders, inspiration, and motivation. We began to plan – together – how best to rebuild our team, and become once again a leading competition club in Victoria and Australia.

Surf Sports brings together athletes of all ages, from diverse backgrounds with diverse skills, passions and goals. This develops the strongest of team cultures, and as we rebuild, it is this culture we need to promote and foster from Nippers, right through to Masters.

Under-14 competitors were warmly welcomed into senior competition this season, providing an opportunity for our up and coming juniors to race alongside the senior athletes they look up to. Led and inspired by Head Dolphins Coach Jamo Porter and other coaches in Naantali Marshall, Sam Hume, Fiona Fitzgerald and Ivor Morgan, we look forward to supporting these junior athletes as they progress through the ranks and continue to develop their passion and connection to all things surf sports at Anglesea.

The Lifesaving World Championships, held at Glenelg South Australia in November, were the perfect event to kick off the season. Fourteen Anglesea competitors attended, competing across the Open and Masters age groups in both the Beach and Boats areas. Anglesea achieved eight top-10 finishes, and special mention must go to the following medallists:

Gold: Sally Cumming – 35-39 years Beach Flags

Silver: Naomi Symington – 40-44 years Beach Flags

Silver: Masters Women's Relay of Sally Cumming, Naomi Symington and Ilona Carson

Anglesea Senior Carnival always provides us with a great opportunity to showcase our Club. After the inaugural 'Pre-Carnival Team Dinner' at Captain Moonlite, 53 green and white caps hit the beach, with a number of competitors making their debuts for Anglesea! The team definitely seized the opportunity to perform on our home beach, achieving many great results.

Three Anglesea competitors switched out the green and white for the navy blue, competing for the Big V at the Youth Pathway Cup and Australian Interstate Championships, both held at Newport Beach. Gaining selection in both teams was highly competitive, and all three members did Victoria, and Anglesea, very proud.

Youth Pathway Cup Team: John 'Dibs' Fitzgerald

Victorian Interstates Team: Marli Wilkinson, Saxon Beale and Jamo Porter

Despite low numbers, we were still able to come away with 8 gold, 7 silver, and 5 bronze medals from the Seniors Championships, and 9 gold, 4 silver, and 3 bronze at the Masters. Special congratulations must go to the R&R section, who won the Geoff Waters Trophy for the most points scored in R&R for every year since 2012.

There aren't too many competitions that compare to the Australian Surf Life Saving Championships – The Aussies. With thousands of competitors from across the country, it reminds us that we are part of a surf sports and surf life saving community that is far bigger than we often realise. Year after year, our team rises to the occasion, and finds that little bit extra to perform on the biggest stage in our sport. Forty-five competitors, officials, coaches and managers came together to do Anglesea proud once again. Please refer to the detailed results covered later in this report.

I would like to extend particular thanks to Sai Dale, who added to his R&R team manager load by taking on the role of managing our whole team, allowing the week to run smoothly and offering me great support. Thank you, also, to the Supporters Group, whose ongoing commitment to surf sports made it possible to bring the entire team together for dinner, at which we shared stories from years gone by, celebrated the achievements of our Masters and wished our Seniors good luck for the competition they still had ahead of them.

Anglesea is so lucky to have talented and motivated athletes, passionate and experienced coaches, committed team managers, supportive parents, and devoted supporters, with whom it has been an absolute pleasure to work with across this season. I would like to thank everyone for their patience, help, support and guidance. This season we, as a team, have definitely made progress, and witnessed some remarkable performances. I am hoping this has sparked some excitement and desire to continue to grow and develop our team and climb our way back to the top of surf sports once again and do the green and white proud.

**Kate Walker**

*Director of Surf Sports*

# BEACH SECTION REPORT

It is hard to believe that preparations for the competition season began way back in April last year when planning began for the Anglesea Beach Team to attend the Lifesaving World Championships - Rescue 2018 in Adelaide. Anglesea was very proud to have teams compete in both the Masters and Open Interclub competitions during the November event with some fantastic results. Congratulations to Naomi Symington, Ilona Carson and Sally Cumming who competed in the Masters division. Under the extreme weather conditions, which presented cyclonic winds, the team won the silver medal in the beach relay, Sally winning the beach flags, Ilona making the final of both the beach sprint and beach flags and Naomi winning the silver medal in her beach flags.

The Open Interclub team consisted of Stephanie Larkin, Kate Walker, Marli Wilkinson, Camilla Butler, Marcus Jones and Saxon Beale. Due to the ILS competition rules, both Marli (U19) & Camilla (U17), had to compete in the Open division. The girls did a fantastic job by making the final of the beach relay where they finished 5th and both Marli & Stephanie making the B-final of the beach sprint. In the men's area, Marcus unfortunately had to withdraw due to injury in the semi-final of the beach flags while Saxon made the quarter-final. Marcus also made the semi-final of the beach sprint where he qualified for the 'B' final finishing 2nd, hence 10th overall.

During the 2018/19 season we had a good presence in the beach area at all the local carnivals and were probably the #2 Club behind Altona. But we are still finding it hard to attract new competitors in the U14 & U15 area, so I take this opportunity to invite all current Nippers and SRC members who want to become more involved in the Club through competition – it's great fun for people of all abilities, and you don't have to be Usain Bolt, just give it a try!!

It was a challenging year, at both a Victorian & National level, for beach events in 2018/19 as some unfortunate scheduling resulted in the Victorian & National Track & Field Championships clashing with both the Victorian & Australian Surf Life Saving Championships.

Some of the outstanding achievements during the year were:

- Saxon Beale winning the Bruce Thompson Award as the most successful point-score winner in the beach area during the 2017/18 season.
- Marli Wilkinson & Saxon Beale representing Victoria in the National Interstate Championships, Marli once again competing in the Open age group as a junior competitor which is a testament to her performance in Victoria.
- Stephanie Larkin winning the Victorian 400m Open Women's hurdles championship & qualifying for the National Track & Field Championships.
- Sally Cumming was a finalist in the Masters section of the Victorian Sports Awards.

- Marli Wilkinson winning the Victorian 400m U20 Women's hurdles championship & winning bronze at the National Track & Field Championships and gold in the U20 4x400m relay.

- 10 medals (3 Gold, 3 Silver, 4 Bronze) and 18 finalists at the Victorian Surf Life Saving Championships. Unfortunately, we could not hold onto our title this season as winners of the Open Mixed Beach Relay point-score champions, beaten by Altona on a countback!!

- Having 4 to 5 new competitors regularly attending each carnival during the season.

- The Masters girls winning a silver medal (let's not mention anything about batons) in the beach relay at the Aussies, Sally 3rd in the beach flags & 2nd in the beach sprint, Ilona making the final in both the beach sprint & beach flags (resulting in broken ribs).

- Marcus Jones winning the bronze medal in the Open Men's Beach Flags at the Australian Championships – the best result Anglesea has ever achieved in this event.

- Our boys finishing 4th in the U19 Beach Relay at their very first Aussies with a team made up of 3 U17 competitors. Nick Guiney & Jerard Feneley both making the semi final of the U17 men's beach sprint.

So, you can see from these results it has been a very full year indeed and we have some outstanding members at our Club who we should all be very proud of.

I would like to take this opportunity to make a special mention to Kate Walker, Peter van Miltenburg and John Baldock who all make significant contributions to make this beach team one of the best in Australia and provide an environment that is not only welcoming but the envy of other clubs.

**Adam Martin**

*Beach Captain*

# BOAT SECTION REPORT

Following the departure of many Surf Boat section members in 2018, this season started at a low point with the fewest crews for many years. The section mainstays were again the Mens 260+ years Masters crew which competed in both Open and Master's competition. This crew comprising David Warburton, Ian McGain, Richard Holding, Barry White and David Love (Sweep) was arguably the oldest crew competing nationally, with an average age of over 70 years; one which would actually qualify as a 280+ crew (if the category existed)!

Special mention was made at the 2017/18 AGM of Ian McGain's outstanding contribution to the Club's surf boat rowing history. Commencing his competitive career for the Club as a junior boat crew member in 1962, and subsequently as a member of arguably our best Open boat crew, he continues to compete in Open and Master's events. His is clear demonstration that age is no barrier to competing in this sport.

In November 2018, the crew competed at the World Masters in Adelaide (with David Spiteri stepping in), at the Anglesea Carnival in January 2019, the Australian Surf Rowers League (ASRL) Open Carnival also at Anglesea, the Lorne Victorian Surf Rowers League (VSRL) Masters in Feb 2019 at which it earned a Gold medal, the ASRL National Masters at Elouera Beach (NSW) where it gained a Silver medal and the Australian SLSA Titles at Broadbeach, (Qld) where it finished fifth. Our performance at the Aussies was very disappointing as the crew had trained hard and expected a podium finish. Unfortunately, the combination of the notorious Broadbeach/Kurrawa shore break and sand bars, together with a large irregular swell, did not play out in our favour in the first two rounds and it was only the third round which saw us with a clear run with a finish among the leading two or three boats.

The season has been challenging but there is a strong commitment to rebuilding the section and efforts are being made to increase sweeps as well as new boat crew members. Some 'Come & Try' days were held at Pt Roadknight for Club members and interested members of the public to experience surf boat rowing and the thrill of catching waves. Former rowers and new prospects attended and are potential starters for the 2019/20 season. Special focus will however, be directed towards working with other sections of the Club such as Youth and Member Development, to create opportunities for younger members to experience surfboat rowing and become future boat section competitors.

It is also important to note that whilst traditionally, surf boat rowing has been a largely male domain, it was mentioned at this year's Aussies Championships that nearly 50% of crew members currently competing in surf boats are female. This is a remarkable achievement and credit to those girls and female rowers who have taken on what is a tough sport. Therefore, surf boat rowing is equally accessible in the Club to both male and female members. This is important to note in terms of our future development.

We are confident that these initiatives will lead to a re-emergence of Anglesea's prominence as a power in surf boat competition into the future.

In conclusion, while this season has certainly not been our greatest, the future is bright and we must now direct our efforts to rebuilding the section. I would also take this opportunity to thank our sweep David Love, for his considerable time commitment to training and competition throughout the season and his patience in dealing with a collection of 'grumpy old men'. A job well done and many great waves conquered!

**Barry White**

*Boat Captain*

# CRAFT SECTION REPORT

The Craft section continues to rebuild, and Max Mauderer and John Fitzgerald continue to lead the charge in the younger age groups. John was selected to represent LSV in the Youth Pathway Cup, contributing to a 4th place finish for the team. Building from this experience, and continuing his dominance in the U14 age group, John recovered from swimming off-course in the individual Surf Race to produce a convincing win in the Iron Man. Max's determination and commitment to surf sports is unwavering, even when faced with adversity. A huge winter of training set Max up to perform when it counted. He placed 2nd in the U17 Single Ski at the Victorian Championships, before finding an extra gear at the Aussies where he placed 5th in a hotly contested final where five paddlers were virtually inseparable!

Our Masters contingent continues to be determined to show the younger competitors how to get things done in the water, and excelled on both the State and National stage! Naantali Marshall was unparalleled in her performance this season. Naantali won 3 Gold Medals at the Aussies in the 40-44 years Surf Race, Board Race and Ironwoman! It was also great to see a big Masters turnout at the Anglesea Carnival: notable performances were Ivor Morgan joining forces with Jamo Porter to take out the Open Men's Double Ski, and Sam Hume and Ivor producing solid legs of the Open Men's 6-person Relay!

Congratulations to the Anglesea competitors in the Victorian and Australian champions as reported later in the report.

I would also like to particularly note the effort and time put in by Chris Porter, Jamo Porter and our Masters group to mentor, coach and support our Nippers, Youth and younger Senior competitors throughout winter training and the summer season. They are truly inspiring the next generation of Anglesea competitors, and the whole competition section learns so much from their wealth of experience and commitment to Surf Sports.

**Kate Walker**

*Director of Surf Sport*

# R&R SECTION REPORT

For season 2018/19, the main focus was 'team building' - with various members living interstate or restrained by work/study commitments we worked on members becoming more versatile. With this emphasis, one or two whole team sessions a month were scheduled in between separate team training at various beaches around the coast and bay. This provided a great platform to keep everyone in touch as well as building a true team spirit.

Thank you to Emma Moore and Warren Clarke for assisting with the coaching, along with Melissa Heathcote for mentoring and passing on valuable knowledge for our Belt swimmers. Thank you also to Ryan Nolan for some super sessions on wading techniques for making the most of the swim start for our belt swimmers.

Regarding personnel, there were some extremely valuable additions to the judging panel, these being Melissa Heathcote, Melissa Bird and Madeleine Brown. These ladies have progressed with their experience and are now judging R&R competition. It's so important to keep fostering new judges – so thank you ladies!

With Emma Moore coming back into 3 teams after requiring a season off for the birth of her third child, Christine Cardwell took on coaching of all six teams as Chief Coach.

The R&R section provided three officials for Aussies. Christine Cardwell and Karen Dale for Aussies Youths and Warren Clarke and Karen Dale for Aussies Opens. The Team Manager position was vacant last year, but this was taken up by Sai Dale, who was able to pull everything together and managed the team.

It is also important to note that Warren Clarke and Emma Moore have also been sharing their knowledge and expertise with growing R&R Clubs, including Bonbeach, Williamstown and Altona. There is a growing groundswell, that if support is given to these clubs who are interested, the R&R event will continue to prosper.

The 'season' for this group kicked off with a social gathering to acquaint some of the team members, but more importantly to discuss the season ahead. A fantastic night was had with Christine turning on a BBQ extravaganza followed by some 'team building' games.

The R&R section continued to show their united bond and were able to coordinate a number of social gatherings – a 2 day training camp at Ocean Grove, a maintenance day to clean and polish their reels and capping it off with a recent 'end of season' dinner.

At the end of the day Anglesea are fortunate to have a great family orientated group whose passion for R&R just continues to grow to the benefit of the club.

Chief coach, Christine Cardwell was able to float the idea of a new interstate trip to compete against some NSW teams, at the Wanda Carnival (January 19th). This gave the

teams who travelled to Wanda the opportunity to get some good training sessions in the surf before competing on the Saturday. As is always the case, the R&R group had a great trip away together.

Local carnivals held at Ocean Grove, Anglesea, Mordialloc and Point Leo plus State Championships at Warnambool provided the teams some important competition experience, with the primary focus being the competition in April, at the Aussies at Broadbeach.

Leading up to Aussies 2019, a strategic decision (albeit a very quick one) was made where an U19 5 Person team was formed – Alex Madeley, Kirra Burke and Rhianna Burke were joined by (2) young ladies from Black Rock, Stephanie Warmuz and Megan Wyatt. With only a couple of weeks to bring the team together it was touch and go if we were going to get the paperwork and entries done in time. However, with the help of the parents and our admin staff, the team was able to be entered. This was done to give the younger members another team to compete in at the highest level as well as the opportunity for the Black Rock competitors to broaden their experience and to take home some learned skills to their fellow competitors at their home club.

This was a true example of the comradery that exists within the R&R fraternity.

The inaugural Geoff Waters Memorial R&R Carnival was held at Point Leo (17th February) with both the junior (U10/11, U12/13 and U14/15 2 person teams) and senior teams competing together.

There was a great atmosphere, which was due to the crowds of competitors and parents and it gave the juniors a rare opportunity to watch the senior teams in the 5 person event. Some very thoughtful and touching words were said about Geoff by Emma Moore, mostly about Geoff's passion for R&R and how much of his life he devoted to the event. The aim will be to continue this event for years to come in memory of a very special person.

In closing, the R&R section honour a true legend, John Worrell OAM. His passing is an extremely sad loss for the R&R community. His love of the R&R event and ongoing support was unsurpassable. He will not be forgotten.

#### **Anglesea Devils - Open Mixed**

**Members:** Mia Duckett, Lucas Waters, Christian O'Nians, Mikaela Dale, Alexandra Madeley

This team now had a full season of competing together behind them and were looking to solidify their reputation in the Open ranks.

As last year's U/19 Australian Champions, it was time for the Devils to step up and compete with the big guns. Open Mixed being the most competitive event this was going to be a challenge. Showing maturity beyond their years the Devils clinched 6th spot to make the Final at Aussies. Unable to improve on their score in the final they finished the same. These members are great role models amongst their peers showing great dedication, drive and commitment to their coach, fellow team members and the event.

#### **Open Mixed Green**

**Members:** Melissa Bird, Andy Waters, Callum Brennan, Maddie Brown & Emma Moore

The makeup of the team was quite a different combination of age, personality and experience; however, there was none more consistent than Open Mixed Green. A real bond was formed which produced some perfect drill – a delight to watch. Absolute credit to the team for their preparation leading up to Aussies and great finals run through, although 5th place in the final was hard to take, it showed how competitive this event is.

#### **Open Men**

**Members:** Andrew Waters, Russell Duckett, Sai Dale, Joel Couturier and Christian O'Nians.

The open men's team continued to shine and by working incredibly hard through the season and went to Aussies with some high expectations. Two 'new' members (Joel Couturier - reelsman and Christian O'Nians – patient) came into the team with their proven experience and the team lined up for a straight final at Kirra Beach. A number of the other men's teams (Freshwater, Coogee) were extremely well experienced, but the Anglesea team was unperturbed and went about their business and recorded their best ever score of 3.92. However, this still wasn't good enough to place in the medals – with Freshwater drilling an amazing 0.0!!

#### **Open Women**

**Members:** Emma Moore, Mikaela Dale, Kirra Burke, Karen Dale & Rhianna Burke

After taking a little longer than normal to settle the components of team make up, the Open Women became a real strong force nationally. After a win at Wanda carnival and consistent team improvement at every carnival the word had spread that Anglesea Women were back! After qualifying in first position for the Australian final, the tricky conditions got the better of our belt swimmer Mikaela, which sadly was recorded on the scorecard as a DQ (disqualification). Yes, very disappointing for all, but knowing the calibre and character of the team they will be back next season to prove a point.

A very special mention to Mikaela Dale who showed true courage and determination in the Open Women's final, where a very tricky side sweep meant that on her swim out to the cans to retrieve her patient, she missed her target. Unable to swim back against the extremely strong sweep and with the weight of the line an undeniable handicap, she swam her heart out until the 10 minute time limit expired. This unfortunately resulted in a DQ for the women and a disappointing end to their Aussies campaign but a 'legend' had been born.

### Open Six

**Members:** Rhianna Burke, Ryan Nolan, Callum Brennan, Emma Moore, Joel Couturier, Mel Bird

Six person requires three members to know all three positions and the swimmers to know two positions, so trust and real team work comes into play. With extreme height differences within the team saw some really challenges for the carrying party. Lots of trial and error but eventually got the right formula for each ballot draw. This formidable team really put some hard yards in leading up to Aussies. Again our most experienced were nudged out of top 3 by a finger nail. 4th place in the Aussie final.

### U/19's

**Members:** Megan Wyatt, Stephanie Warmuz, Kirra Burke, Rhianna Burke & Alexandra Madeley

With some very handy transfers late in the season an U/19's team was briskly formed to compete at Aussies. Coach Christine applied some intensive training with the girls and their focus was impeccable. At the training sessions leading up to Aussies, this young team displayed maturity beyond their years by the way they tackled the tricky surf conditions at Broadbeach and impressed everyone by not flinching one bit. This team were in with a chance!

In the final, an under pressure and inexperienced team alongside Anglesea had made some incorrect decisions in the challenging conditions and got their line wrapped around the buoys as well as Anglesea's belt swimmer Stephanie. Anglesea, using their heads, continued on after the belt release. With amazing composure the team came away with a well-deserved bronze medal. Super job team and one we will never forget.

Our sincere thanks go out to The Anglesea's Supporter's Group who have continued to show their amazing support and assistance, which was greatly appreciated by the R&R teams.

The R&R section would also like to acknowledge the good will and spirit shown by Williamstown, Port Melbourne and South Melbourne Life Saving Clubs' who have opened their doors when teams have been training in Melbourne.

### Sai Dale

#### R&R Team Manager

# ROCK2RAMP REPORT

The 24th Rock2Ramp Swim at Point Roadknight beach was held in sunny, perfect conditions on Friday December 28th.

The popular 2.5km swim was won by Sam Sheppard in a time of 27:57 taking home the prestigious Porthole Cup in support of prostate cancer research. In second place was Tristan Read (last year's third place getter) in a time of 29:01 and in third was Robbe Dilissen in a time of 29:10.

Naomi Scott, last year's winner was again the first female home in 30:48, ahead of Alexandra Brown in a time of 31:51 and Rebecca Henderson took out third place again this year in a time of 32:04. Naomi Scott is currently ranked in the top 10 of the Ocean 6, Nutri-Grain Ironwoman series for 2018/19.

Sam Sheppard backed up his 2.5km swim, also coming first in the Men's Open 1.2 km event in a time of 13:43, followed by Jorden Merrilees (last year's winner) in 13:53 and Robbe Dilissen in 14:33. Naantali Marshall was first home in the Women's Open 1.2 km in a time of 15:25, with Naomi Scott second in 15:41 and Grace Harris third in a time of 15:59.

The inaugural Banana Boat SwimKids Series – Surf Coast was a popular attraction with plenty of future 1.2km swimmers taking part, ranging from 7 & 8 year olds in the 100m swim, 9 & 10 year olds in the 200m swim and 11 & 12 year olds in the 300m swim. All participants received a finisher's medal to mark their achievement. Their bright yellow swimming caps were matched by their bright smiles!

The Surf'n'Turf category, which combines an entrant's time in the 1.2km swim with their time in the 8km RooRun held by the Anglesea Motor Yacht Club the previous evening was again held, proving swimmers can run (or is that runners can swim?). This years' winners were Carter Harris-Smith (total time: 49:04) and for a fourth year in a row, Rebecca Henderson (total time: 50:05).

Thank you to all those that volunteered their time to make the event another success. Particular mention to Peter Williams, Helen Lee-Williams, Romany Cullen, David Simpson, Bernie Murray, Lloyd Simpson, David Kennedy, the team on the BBQs, Grace Bath and Chris Hibbert. Thank you also to the Anglesea Motor Yacht Club for your continued strong partnership with both of our events.

We look forward to seeing you again in 2019!

**Tom Cullen and Chris Symington**

*Co-Race Directors*

# MEMBER DEVELOPMENT REPORT

Member Development at this point in time remains focussed upon providing a high standard of training and assessment to both new and existing members. New Awards and Skills Maintenance (aka Requals) are the responsibility of each individual Club and the challenge to meet the needs of the membership base, while addressing the compliance and oversight requirements outlined by LSV and SLSC, is a significant one.

To this end the Club is indebted to the following members for their assistance in proactively, positively and professionally training Anglesea members in 2019; Mike Martin, Lachie Eaton, Freddie Graham, Sean McVernon, Andrew (Doc) Rechtman, Sophie Elam, Ed McKay, Tom Cullen, Peter King, Ingilby Dickson and Derek Stott.

For many in the Club, 2018 was a back to the future moment with the Bronze Camp being based entirely at the Clubhouse for the first time since the early 2000's. Anglesea was also proactive in implementing a 'fast track' approach to Bronze training that recognised the significant overlap between the SRC qualification and the Bronze Medallion. Thus building upon this prior learning enabled us to run a condensed program with the feedback from Assessors indicating that the reduced length of the course had not compromised outcomes in anyway. There was a strong camaraderie between both the candidates and the training team which was fantastic to see, and most importantly, a large number of newly qualified members being actively involved in patrols in the post Christmas period.

The SRC program continues to provide a fantastic experience for those members transitioning from Nippers to cadets. Ingilby, Derek and their team of skilled helpers do a wonderful job in managing and instructing this group and inducting them into all things 'lifesaving'. It is important that I take this opportunity to thank Noel Langford for his work in this area over many years. Unfortunately work commitments prevented Noel from participating in this season, but his efforts in developing a robust program have been significant.

Alongside these base awards we have had a great many members attaining advanced qualifications in first aid and IRB skills. Moreover, many members have also attained their Training Officer Certificate, a qualification that is vital to ability of the Club to train members in the future.

Planning for the 2019/2020 season is well underway and we are looking to work more closely with the Youth Development section and to establish an U15 program that will bridge the gap between SRC and Bronze. We are also looking to simplify the pathway through the Club and to make it easier for members to identify when and where they can be involved.

**Matt M Taylor**

*Director of Member Development*

# BUILDING REDEVELOPMENT

It took awhile but we got there, as the past 12 months saw us finally get to the point where this project became a reality.

In last years report we stated “Ideally we would like to commence works in early 2019 but that is totally dependent of funding. The club is budgeting \$5 million and that is consistent with the costs of similar surf club redevelopments around the state.”

We then had a bit of a shock when the Quantity Surveyors assessed the design and provided an estimate in excess of \$5m and as everyone knows, and were quick to tell us, the real cost will be at least 10% higher! It was with a fair amount of trepidation that we then went to market to ensure we knew the real cost and were pleased to get four quotations that were at or below the QS estimate, with some just below the \$5m mark.

A funding strategy was then put in place that would have allowed us to commence works around May/June 2019 even if we did not receive additional government funding, although this would have entailed a phased development over a longer timeframe. Then in early March we were advised that our application for \$1m under the Federal Government’s Building Better Regions Fund had been successful. This then allowed us to enter into contract negotiations with the preferred contractor, with a view to works starting during the winter.

Importantly for the protection of member’s interests our Project Governance Group has continued to oversee these processes to ensure process transparency is observed and maintained, that we conform to the requirements attached

to grant funding that has been received and that we comply with all relevant legal obligations.

To farewell the old clubhouse a very successful Farewell Party was held on Easter Sunday with close to 300 members past and present attending. It was great to see some faces who had travelled from interstate to attend the day and clearly displayed the lifelong memories and friendships the clubhouse and Anglesea Surf Life Saving Club have helped to create. With eight Past Presidents in attendance, guests were entertained with stories of times gone by and it was also fantastic to have local musician Tristan Ross in attendance entertaining the guests.

At the time of writing the club has raised just over \$5m to cover the project costs. This includes two Federal Government grants of \$0.5m and \$1m that were achieved on the basis of competitive grant applications and, thanks to the tireless efforts of our Fundraising Chair, Ingilby Dickson, over \$1.75m in donations and pledges from members and supporters.

The works will clearly impact on Club operations during next season but the relevant Directors are all working hard to deliver the normal range of activities.

**Peter Williams**

*Chair, ASLSC Redevelopment Committee*

# SUPPORTERS GROUP

Another season has passed and the Supporters Group again contributed to ASLSC with our prime objectives being :

- Assisting our Club's Competitors to attend The Australian Surf Life Saving Championships with travel, accommodation and expenses, by providing \$15,000
- Sharing the cost of provision of new Nipper Boards
- A 3 year \$10,000 progressive pledge to the new building fit out for a safe Youth area
- Undertook the cost of repairing equipment
- Held a Nipper family day and Art Show at the Anglesea Football ground which was hosted by the Anglesea Football and Netball Club
- Held a Social Function on Good Friday at the Anglesea RSL in line with the objective of building good relations with the Anglesea Local Community
- Provided Dolphins with specialist coaching support
- Supply of new boards and training equipment for the Dolphins

- Member Development in the Certificate IV training Assessment in Life Saving

Our thanks go to contributions from the estates of Hilton White and Gladys Stott, Classic Fire Places and Barbecues Geelong for the donation of a Weber which will be a prize for next season's raffle.

Special thanks to all of the Supporters Group Members and participants in our social functions, the Club's Board and especially Directors Paul Lunny and Chris Foley for their continued support and guidance in achieving our objectives.

On a very sad note I would like to extend our group thanks to Supporters Group Member John Worrell OAM on his recent passing. John gave our Group valuable advice and was a very strong supporter of all Surf Sports and the Anglesea Nipper Family Fun day and he will be sorely missed by many.

**Geoffrey M Inman**

*President ASLSC Supporters Group*

# DOORKNOCK

The 2019 DoorKnock was successfully run on the 5th of January in good weather conditions and again raised over \$30,000 thanks to the generosity of the residents and visitors to Anglesea. As seems to be the norm the majority of collectors were Nipper families together with a small number of competitors and senior members and we are grateful for the assistance of all who were involved.

Thanks must go to the organising team of Trina Porter, Jennie Mauderer and Graeme Weber together with Mike McConnell and his BBQ team and the ladies manning the collection tables at the Club.

Special thanks to the 'Doc', Andrew Rechtman and Derek Stott for tackling the patrons at the Anglesea Hotel at 6pm on a warm Saturday evening. The pub was overflowing with well lubricated cricket teams and supporters and other thirsty patrons. In spite of some spirited and well-intentioned

banter, over \$500 was collected in less than an hour. Good work !!

We expect the 2020 Doorknock to be a bit of a challenge given that the clubhouse will be unavailable and we will be looking for greater engagement with competitors and senior members to ensure that all areas of Anglesea are covered, as Nipper families understandably want to collect from near their homes.

Again, our thanks to all who gave of their time and who contributed to this important fundraiser.

**Peter Williams**

DoorKnock Coordinator

# GOLF DAY 2018

Saturday August 25th saw the running of the Annual Anglesea SLSC Golf Day. Under bright and sunny late winter skies a field of 100 took to the Anglesea golf course in the Club's annual winter fundraiser.

The golf day, which has been running continuously for over 50 years, this year raised \$11,000, which was well up on last year's result. A full list of all the major category trophy winners is listed below.

I would like to make special thanks to all those individuals who contributed both on the day and in the lead up to the day, all our generous sponsors and donors and the Anglesea Golf Club. It is a privilege for our surf club to have exclusive use of the course for the day.

I would encourage all members who have not been involved previously in this day to get involved – you don't have to be a golfer – we are always in need of a helping hand on the day, and it is a great way for us to promote to our club sponsors and potential sponsors!

Look forward to the 2019 golf day being back next August bigger and better.

## RESULTS

### John Worrell Trophy - Mens Pair

Ist Mike Grossman / Uwe Morziver +9 (countback)  
Runner Up Ken McLennan / Bill Black +9

### Betty Thompson Trophy - Ladies Pair

Ist Maralyn Cross / Margot Addison-Baker +3  
Runner Up Sue Hocking / Jenny Inman +2

### Chisolm-Gage Trophy - Mixed Pair

Ist Marg McCarthy / Rob Beavis +10  
Runner Up Robyn Schapers / Pete Griffiths +5

### Graeme Pitcher Trophy - Surf Club Pair

Ist Doug Elsum / Colin Biemans +15  
Runner Up Troy Heathcote / Saul Heathcote +13

### Shane Edmonds & Mark Gowans

*Event organisers*

# ASLSC MEMBERS GAINING RECOGNITION

**Announced at the 2018 AGM**

## **SLSA Awards**

SLSA Assessor of the Year: Michael Martin AM  
60 year Long Service- Garry Johnson, Geoffrey Inman,  
25 year Long Service: Matthew Symington, Lloyd Simpson,  
Paul Hearne, John (Shem) Fitzgerald, Bernie Murray,  
Kristine Murray, Jan Simpson.

## **Patrol Awards**

25 year Patrol Service Award: Colin Brodie,  
20 year Patrol Service Award: Jeremy Farrington  
15 year Patrol Service Award: Thomas Cullen  
10 year Patrol Service Award: David Eades

## **LSV Awards of Excellence Season 2017/18**

Michael Martin AM Assessor of the Year

## **Anglesea Club Awards**

**Outstanding Achievement Award-** Aussie Gold Medallists-  
U19 Mixed 5 Person R&R Team- Cheeky Devils: Mia Duckett,  
Mikaela Dale, Lucas Waters, Christian O’Nians, Alexandra  
Madeley; Coach: Christine Cardwell

## **Special Achievement Awards**

Service to Surf Sports: Bernie Murray

## **Ralph Desmond Harrison**

**17/9/1928-29/3/2019**

Ralph joined the club and gained his BM on 23/5/1955 -V7665, Instructors Certificate in 1955/56 season V58, Advanced Resuscitation Certificate in 1978.

On joining Ralph immediately became involved in Club activities and was Chief Instructor in 1956, Vice Captain in 1956/57, 1957/58, and again 1978-80. Board & Ski Captain in 1957/58 and in 1958 was appointed Gear Steward, a position he held until 1969. Ralph was awarded Best Clubman in 1967.

Ralph took up ski paddling in the 1950's and won numerous Victorian Championship medals in single ski and double ski events with Dave Brett, between 1961-66 and often he drove members to many Carnivals, as nothing was a bother.

Ralph on recognition of his distinguished service to the Club, was made a Life Member in 1967. After son Brett gained his BM, Ralph became more active during 1970's.

We miss his kindness and work ethic around the club or in the community of the Anglesea township over many years.

## **G Kenneth Sutherland (Straw)**

**Deceased 16th January 2019**

Gained his BM with Port Fairy 4/1/1953 V42880

Joined ASLSC August 1953 and at the 2nd AGM on Monday 23/11/1953 was elected Vice Captain, a State Centre Delegate and Chief Instructor. Ken competed with Anglesea in R&R events during 1954 but unfortunately Ken had to resign in April 1954 due to study commitments, he was missed by many as a R&R competitor and coach, BM instructor and mentor.

I believe that he was later a member of Currumbin SLSC

## **John Worrell OAM & David Kennedy**

### **Anglesea SLSC wishes to acknowledge the passing of other Club Members**

Jason Guerow 14/3/1977-11/12/2018 son of long standing Members Chris & Matey Guerow

BM holder 19/12/1992 – V13077

Margaret Johnson 9/7/1941-3/5/2019 wife of ASLSC Patron Garry Johnson, mother & Grand Mother of Club Members

All were supporters of Anglesea SLSC and the Club wishes to extend their sympathy to their families.

## **Anglesea Surf Life Saving Financial Report**

I hereby present the Annual Financial Statement for the year ending 30 April 2019 for the Anglesea surf lifesaving club.

We have had another successful year with total revenue of \$1,174,405 compared to \$905,936 last year.

Of this sum \$637,522 was for sponsorship and donations and also grant income increased from \$70,625 to \$142,249.

Our expenses increased from \$512,503 to \$637,573 resulting in a net profit 2019 \$ 536,832 (2018 \$393,433)

Notable income is as follows:

Annual Door Knock appeal	\$29,909
Rock to Ramp Gross income	\$44,434
Receipts from Captain Moonlight	\$65,674

With regards to the balance sheet the figures indicate the net equity of the club was \$2,751,144 compared to \$2,214,312 (2018).

In addition to that our cash reserves as at 30 April 2019 exceeded \$1 million

These funds have been accumulated over a number of years and will be used towards the construction of the lower club house.

I would like to take this opportunity to thank Jaci and Jennie for their outstanding work in managing the administration and finance of the club.

Richard Carr  
Director of Finance

## Committee's Report

### Anglesea Surf Life Saving Club Inc For the year ended 30 April 2019

Your committee members submit the financial report of the Anglesea Surf Lifesaving Club Inc. for the financial year ended 30 April 2019.

## Notes to the Financial Statements

Anglesea Surf Life Saving Club Inc  
For the year ended 30 April 2019

### 1. Statement of Significant Accounting Policies

The directors have determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the sole purpose of distributing a financial report to members and must not be used for any other purpose. The directors have determined that the accounting policies adopted are appropriate to meet the needs of the members.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

#### Income Tax

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

#### Inventories

Inventories are carried at the lower of cost or net realisable value.

Inventories acquired at no cost or for nominal consideration are measured at the current replacement cost as at the date of acquisition.

#### Property, Plant and Equipment

Property, plant and equipment is initially recorded at the cost of acquisition or fair value less, if applicable, any accumulated depreciation and impairment losses. Plant and equipment that has been contributed at no cost, or for nominal cost, is valued and recognised at the fair value of the asset at the date it is acquired. The plant and equipment is reviewed annually by directors to ensure that the carrying amount is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the utilisation of the assets and the subsequent disposal. The expected net cash flows have been discounted to their present values in estimating recoverable amounts.

Freehold land and buildings are measured at their fair value, based on periodic, but at least triennial, valuations by independent external valuers, less subsequent depreciation for buildings.

Increases in the carrying amount of land and buildings arising on revaluation are credited in equity to a revaluation surplus. Decreases against previous increases of the same asset are charged against fair value reserves in equity. All other decreases are charged to profit or loss.

Any accumulated depreciation at the date of revaluation is offset against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

#### Trade and Other Receivables

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

#### Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the company that remain unpaid at 30 April 2018. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

### Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

### Revenue Recognition

Revenue from the sale of goods is recognised upon the delivery of goods to customers.  
Revenue from the rendering of services is recognised upon the delivery of the services to customers.  
Revenue from commissions is recognised upon delivery of services to customers.  
Revenue from interest is recognised using the effective interest rate method.  
Revenue from dividends is recognised when the entity has a right to receive the dividend.

All revenue is stated net of the amount of goods and services tax (GST).

### Goods and Services Tax

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

### Grants

Grant revenue is recognised in the income statement when the entity receives the grant, when it is probable that the entity will receive the economic benefits of the grant and the amount can be reliably measured.

If the grant has conditions attached which must be satisfied before the entity is eligible to receive the grant, the recognition of the revenue will be deferred until those conditions are satisfied.

Where the entity incurs an obligation to deliver economic value back to the grant contributor, the transaction is considered a reciprocal transaction and the revenue is recognised as a liability in the balance sheet until the required service has been completed, otherwise the income is recognised on receipt.

Anglesea Surf Life Saving Club Inc receives non-reciprocal contributions of assets from the government and other parties for a nominal or zero value. These assets are recognised at their fair value on the date of acquisition in the balance sheet, with an equivalent amount of income recognised in the income statement.

Donations and bequests are recognised as revenue when received.

### Government Grants

Government grants received are recognised as revenue on a basis to match the recognition of revenue with costs incurred in the project.

## Statement by Members of the Committee

### Anglesea Surf Life Saving Club Inc For the year ended 30 April 2019

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee the financial report as set out on pages 1 to 12:

1. Presents a true and fair view of the financial position of Anglesea Surf Lifesaving Club Inc as at 30 April 2019 and its performance for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that Anglesea Surf Lifesaving Club Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Committee and is signed for an on behalf of the Committee by:

Thomas Cullen (President)	
Richard Carr (Director - Finance)	

Sign date:

22/7/19.

## Independent Audit Report to the Members of Anglesea Surf Life Saving Club Inc.

### Report on the Audit of the Financial Report

#### Qualified Opinion

I have audited the financial report of Anglesea Surf Life Saving Club Inc. ('the Association') which comprises the Trading Statement as at 30<sup>th</sup> April 2019, Statement of Profit and Loss, Statement of Financial Position and Statement of Changes in Equity for the year ended 30<sup>th</sup> April 2019, Notes to the Financial Statements, including a summary of significant accounting policies, and the Statement by Members of the Committee.

As is common for organisations of this type, it is not practicable for the Association to maintain an effective system of internal control over cash receipts and payments. Accordingly, my audit in relation to cash receipts and payments was limited to amounts recorded.

In my opinion, except for the above qualifications, the accompanying financial report presents fairly, in all material aspects, the financial position of Anglesea Surf Life Saving Club Inc. as at 30<sup>th</sup> April 2019, and its financial performance and its cash flows for the year ended on that date in accordance with the Australian Accounting Standards and I declare that management's use of the going concern basis in the preparation of the financial statements of the association is appropriate.

#### Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

Without modifying my opinion, I draw your attention to Note 1 in the Financial Report which describes the basis of accounting.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Emphasis of Matter - Basis of Accounting

I draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Members of the Committee's financial reporting responsibilities under the Associations Incorporation Reform Act 2012. As a result, the financial report may not be suitable for another purpose.

My opinion is not modified in respect of these matters.

#### Responsibilities of the Members of the Committee

The Members of the Committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Associations Incorporation Reform Act 2012, and for such internal control as the Members of the Committee determine is necessary to enable the preparation of the Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Financial Report, the Members of the Committee are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members of the Committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Report

My objective is to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Reporting Unit's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Members of the Committee.
  - Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the Financial Report, including the disclosures, and whether the financial report represents the underlying transactions and event in a manner that achieves fair presentation.
  - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Association to express an opinion on the financial report. I am responsible for the direction, supervision and performance of the Association audit. I remain solely responsible for my audit opinion.
- I communicate with the Members of the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
- I declare that I am an approved auditor, Fellow of CPA Australia and a Fellow of Chartered Accountants Australia and New Zealand and hold a current Public Practice Certificate.

## Notes to the Financial Statements

### Anglesea Surf Life Saving Club Foundation Pty Ltd For the year ended 30 April 2019

#### 1. Statement of Significant Accounting Policies

##### Basis of Preparation

The trustees of the Foundation have prepared the financial statements of the Foundation on the basis that the Foundation is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of beneficiaries, the information needs of stakeholders and for the basis of preparation of the Ancillary Fund Return.

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the trustees have determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

##### Trade and Other Receivables

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money, if required a provision for doubtful debt has been created.

##### Financial Assets

Investments held are originally recognised at cost, which includes transaction costs. They are subsequently measured at fair value which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

##### Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the company that remain unpaid at 30 April 2016. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

##### Provisions

Provisions are recognised when the entity has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

##### Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

#### Revenue Recognition

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue from interest is recognised using the effective interest rate method.  
Revenue from dividends is recognised when the entity has a right to receive the dividend.

#### 2. Cash & Cash Equivalents

Bank Accounts	2019	2018

## Directors Declaration

### Anglesea Surf Life Saving Club Foundation Pty Ltd For the year ended 30 April 2019

The Directors declare that the trust is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The Directors declare that:

1. The financial statements and notes, as set out on pages 1 to 8 present fairly the trust's financial position as at 30 April 2019 and its performance for the year ended on that date in accordance with Australian Accounting Standards (including Australian Accounting Interpretations); and
2. In the trustees' opinion there are reasonable grounds to believe that the trust will be able to pay its debts as and when they become due and payable.

*This declaration is made in accordance with a resolution of the Directors.*

Director Mr Richard Carr

Director Mr Thomas Culling

## Compilation Report

### Anglesea Surf Life Saving Club Foundation Pty Ltd For the year ended 30 April 2019

Compilation report to Anglesea Surf Life Saving Club Foundation

We have compiled the accompanying special purpose financial statements of Anglesea Surf Life Saving Club Foundation, which comprise the balance sheet as at 30 April 2019, the income statement, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

#### The Responsibility of the Trustees

The Directors of Anglesea Surf Life Saving Club Foundation are solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet their needs and for the purpose that financial statements were prepared.

#### Our Responsibility

On the basis of information provided by the directors we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

#### Assurance Disclaimer

Since a compilation engagement is not an assurance engagement, we are not required to verify the reliability, accuracy or completeness of the information provided to us by management to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements.

The special purpose financial statements were compiled exclusively for the benefit of the directors who are responsible for the reliability, accuracy and completeness of the information used to compile them. We do not accept responsibility for the contents of the special purpose financial statements.

#### Independence

We are not independent of Anglesea Surf Life Saving Club Foundation as Richard Carr is a director of this accounting firm and a Director of the Anglesea Surf Life Saving Club Foundation.

### REVIEW OPINION - TO THE DIRECTORS

ANGLESEA SURF LIFESAVING CLUB FOUNDATION PTY LTD (ABN 14 944 812 708)  
FOR YEAR ENDED 30<sup>th</sup> APRIL 2019

#### Independent Assurance Practitioner's Report

##### Report on the Anglesea Surf Lifesaving Club Foundation Pty Ltd

We have reviewed the accompanying financial report, being a special purpose financial report of the Anglesea Surf Lifesaving Club Foundation Pty Ltd, which comprises the statement of financial position as at 30<sup>th</sup> April, 2019 and the income statement for the 1<sup>st</sup> May, 2018 to 30<sup>th</sup> April, 2019.

##### Directors responsibility for the 2019 financial report

The directors of the Anglesea Surf Lifesaving Club Foundation Pty Ltd are responsible for the preparation and fair presentation of the 2019 financial report in accordance with the Foundation's Constitution and the *Associations Incorporation Reform Act 2012*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the 30 April 2019 financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

##### Assurance practitioner's responsibility

Our responsibility is to express a conclusion on the 30 April 2019 financial report based on our review. We conducted our review in accordance with Standard on Review Engagements ASRE 2400 *Review of a Financial Report Performed by an Assurance Practitioner Who is Not the Auditor of the Entity*; in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the financial report is not presented fairly, in all material respects, in accordance with the recognised accounting principles and procedures. ASRE 2400 requires us to comply with the requirements of the applicable code of professional conduct of a professional accounting body.

A review of a financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

##### Independence

In conducting our review, we have complied with the independence requirements of the Australian professional accounting bodies.

#### **Basis for qualified opinion**

Receipts are a source of revenue for the Anglesea Surf Lifesaving Club Foundation Pty Ltd. It is impracticable to establish controls over the collection of these revenue streams prior to the entry in its financial records. Accordingly, as the evidence available to us regarding this revenue is limited, our review procedures with respect to receipt's has been restricted to the amounts recorded in the financial records. We are therefore unable to express an opinion on whether receipts and obtained by Anglesea Surf Lifesaving Club Foundation Pty Ltd are complete.

#### **Qualified Opinion**

Based on our review which is not an audit, except for the effects on the financial report of such adjustments, if any, as might have been required had the limitation on our audit procedures referred to in the *Basis for qualified opinion* paragraph not existed, nothing has come to our attention that causes us to believe that the 30 April 2019 financial report of the Anglesea Surf Lifesaving Club Foundation Pty Ltd does not present fairly, in all material respects, the financial position of the Anglesea Surf Lifesaving Club Foundation Pty Ltd as at 30 April 2019, and of its financial performance for the year ended on that date, in accordance with Australian Accounting Standards.

#### **Basis of accounting and restriction on distribution**

Without modifying our conclusion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the Anglesea Surf Lifesaving Club Foundation Pty Ltd to meet the requirements of the Foundation's rules. As a result, the financial report may not be suitable for another purpose.
